	KAKENHI research category	Research project	Principal Investigator	School	Direct Costs (YEN)	Indirect Costs (YEN)
1	Scientific Research (C)	Economic Evaluation of Asbestos-Related Health Risks Incorporating Global Supply Chains	TSUKUI Makiko	School of Business and Commerce	1,300,000	390,000
2	Scientific Research (C)	Revisiting the Role of Sensory Marketing in the Age of Artificial Intelligence	HIRAKI Ikumi	School of Business and Commerce	500,000	150,000
3	Scientific Research (C)	An Empirical Study of Public Stigma Reduction Strategies for the Creation of Inclusive Communities	MATSUMOTO Sumiko	School of Human and Social Sciences	900,000	270,000
4	Scientific Research (C)	Current Practices in Piano Education for Students with Developmental Disabilities and the Development of a Structured Teacher Support Program.	ABE Hiroshi	School of Human and Social Sciences	1,700,000	510,000
5	Scientific Research (C)	Determinants of Child Labor: A Network Analysis Approach	OLVER Ryan	Institute for International Strategy	600,000	180,000
6	Scientific Research (C)	The "Cult of the Offensive" and Horizontal Wartime Escalation	Resnick Evan	Institute for International Strategy	700,000	210,000
7	Scientific Research (C)	Mechanisms of Spinal Cord Stimulation in the Sensory System and the Development of Novel Rehabilitation Strategies	MASUGI Yohei	School of Health Sciences	2,900,000	870,000
8	Scientific Research (C)	Relationships of 24-hour movement behaviors, growth and development to geographic and social environments in young children: GIS-based analyses	Tanaka Chiaki	School of Human and Social Sciences	2,100,000	630,000
9	Scientific Research (C)	Research on Educational Productivity in Secondary and Higher Education in the Digital Transformation Era	Kamoshida Akira	Institute for International Strategy	1,500,000	450,000
10	Early-Career Scientists	From Pixels to People: Investigating Hyper-Consumer Engagement	Arghashi Vahideh	Institute for International Strategy	500,000	150,000
11	Early-Career Scientists	A Linguistic Anthropological Study on Faith Understanding: A Comparative Survey of Catholic Believers and Non-Believers	KANO Yuko	Japanese Language Institute	1,300,000	390,000
12	Research Activity Start-up	Design of Corporate Acquisition Law to Promote Corporate Value Creation	YOSHIMURA Kazuo	School of Economics	1,000,000	300,000
Total					15,000,000	4,500,000
Total(Direct Costs+Indirect Costs)					19,500,000	

Continue

	KAKENHI research category	Research project	Principal Investigator	School	Direct Costs (YEN)	Indirect Costs (YEN)
1	Scientific Research (C)	A study of management control systems aligned with leadership for implementing strategies	OKU Noriaki	School of Business and Commerce	700,000	210,000
2	Scientific Research (C)	Establishment of a comprehensive support system for children experiencing parental separation and divorce-resolving divorce dispute based on an agreement	ODAGIRI Noriko	School of Human and Social Sciences	300,000	90,000
3	Scientific Research (C)	Impact of Dynamic Capabilities, Technological Readiness and Information Exchange Capabilities on the Resilience and Performance of Circular Supply Chains	TAJEDDINI Kayhan	Institute for International Strategy and Emerging Technologies	700,000	210,000
4	Scientific Research (C)	understanding the factors affecting consumers behavior when purchasing remanufactured products: FsQCA with MCDM and PLS-SEM with MCDM-ML analysis approach	Sharkasi Nora	Institute for International Strategy and Emerging Technologies	800,000	240,000
5	Scientific Research (C)	Development of Therapeutic Exercise for Autism Spectrum Disorder: A Perspective on Awareness and Movement Quality	YAMAMOTO Taisei	School of Health Sciences	1,000,000	300,000
6	Scientific Research (C)	Research on the improvement of psychological state and brain function through recreational scuba diving	FUMOTO Masaki	School of Health Sciences	700,000	210,000
7	Scientific Research (C)	Cross-Cultural Representations and the Formation of National Consciousness in American Popular Performance Spaces since the Late Nineteenth Century	TOTANI Yoko	School of Language Communication	700,000	210,000
8	Scientific Research (C)	Research on the governance of the organizing committees of mega-sports events	JODAI Keiko	School of Human and Social Sciences	3,200,000	960,000
9	Scientific Research (C)	The Effects of Verbal Encouragement on Performance: An Analysis of Movement-Related Cortical Potentials and Gaze Tracking During Motor Preparation	OGAWA Sachiyo	School of Human and Social Sciences	500,000	150,000
10	Scientific Research (C)	Study in Acquisition of JSL Pronunciation by Indonesian Migrant Workers: Comparison of Interns, Technical Intern Trainees, and Foreign Workers with Specific Skills	SUKEGAWA Yasuhiko	School of Human and Social Sciences	900,000	270,000
11	Scientific Research (C)	Global Governance of Civil Aviation in the Indo-Pacific	LAMONT Christopher	Institute for International Strategy and Emerging Technologies	1,100,000	330,000
12	Scientific Research (C)	Novel Triple Therapy for Breathlessness with TRPM8 Stimulation, Cognitive Behavioral Therapy, and Pulmonary Rehabilitation	KANEZAKI Masashi	School of Health Sciences	100,000	30,000
13	Scientific Research (C)	Impact of Depression, Apathy, and Anxiety on Motor Learning in Stroke Survivors: Investigating Potential Inhibitory Factors	KAWASAKI Tsubasa	School of Health Sciences	700,000	210,000
14	Scientific Research (C)	An Empirical Study on Job Embeddedness: Re-examining its Dimensions and Investigating its Effects	MATSUI Nozomi	School of Business and Commerce	600,000	180,000
15	Early-Career Scientists	A Study on the Effects of Motor Learning Process on Sense of Agency and Ego Depletion	RAIMA Chiaki	School of Human and Social Sciences	900,000	270,000
16	Early-Career Scientists	Investigating the mechanism of intra-organizational knowledge sharing and knowledge hiding at the Japanese workplace for improved innovation	Rezwan Rokhsana	Institute for International Strategy and Emerging Technologies	1,200,000	360,000
17	Early-Career Scientists	Study on Intelligibility in Japanese Spoken Communication and its Educational Applications	ODO Yutaro	Japanese Language Institute	700,000	210,000
18	Early-Career Scientists	Building a Teacher Education System to Promote the Utilizing ICT in Physical Education Classes	KIHARA Shinsuke	School of Human and Social Sciences	600,000	180,000
19	Research Activity Start-up	A study on the relationship between words placed before the 'te' clause and sentence structure in spoken Japanese	CHIBA Sayuri	Japanese Language Institute	200,000	60,000
Total					15,600,000	4,680,000
Total(Direct Costs+Indirect Costs)					20,280,000
