

Credit Transfer for Newly Admitted Transfer Students

Newly admitted transfer (second or third year) students must submit the documents listed below in order for the administration to best determine the transfer of credits from previously attended colleges or universities. Credits transferred from such institutions may be counted toward their degree at Tokyo International University (TIU).

If you wish to have your credits transferred, please carefully read the guidelines and instructions below and submit all necessary documents to the E-Track Academic Affairs Office by the deadline.

General Guidelines

- Credits obtained from another university may be transferred toward your BA/BS degree at TIU.
- As a general rule, a student who has been admitted as a **second year transfer student** will have up to 36 credits earned at another university, junior college, etc., transferred to TIU. A student who has been admitted as a **third year transfer student** will have up to 62 credits transferred to TIU.
- Some courses from your current or previous institution may be eligible to transfer directly as TIU courses, if the course contents and credit hours match. Direct transfer credits are determined by the administration after careful examination of all documents listed below, under “Required Documents.” Kindly ensure you submit the most updated documents.
- Decisions on which credits and how many credits can be transferred are made on an individual basis by the School to which you belong at TIU.
- Transfer credits will not be calculated into the cumulative grade point average (GPA) at TIU.

Instructions

1. Required documents

Please submit all four documents below.

(A) Official stamped transcripts

Copies are not acceptable. Transcripts printed in languages other than English or Japanese should be translated into English and certified by the university you attended or an official agency such as an embassy or consulate. In certain cases, if your official transcripts will not be accessible by the deadline, listed below, you may submit *unofficial* transcripts (with grades). If you will submit unofficial transcripts pending the availability of your *official* transcripts, kindly inform us about this by e-mail.

(B) Grading Criteria

This should define the grades and explain their numerical values and equivalents. If it is written on your transcript, you do not need to submit it. If there is no such explanation, please show us whether your grade points are a pass or a fail.

(C) Course Descriptions

This should contain information on the content of each course. You may submit the course syllabus instead.

(D) Descriptions Stating “Definition of the Credit Hour”

This should contain information on the total class hours for each course. “Direct faculty instruction” and “out-of-class student work” can be included in these hours.

Note:

- As for (B), (C) and (D), descriptions written in languages other than English or Japanese should be translated into English.
- As for (B), (C) and (D), please refer to “Examples of documents for credit transfer”

2. How to submit:

Please submit your application documents (A, B, C & D, above) via Google Form.

Note:

- If the materials are written documents, please send us a copy of them. Transcripts must be originals.
- If the materials are on a website, please send us the site address. Alternatively, you can send us a copy of the web page with the relevant descriptions underlined or highlighted.
- If the materials are included in a comprehensive document, such as a Course Calendar, that covers all the university’s degree and program requirements, course descriptions, and rules and regulations, please show us where the descriptions concerned are, or send us a copy of the pages concerned.

3. Where to submit:

(C) Course Description:

Analytical Reading and Composition I

This course provides students the opportunity to develop their essay writing skills as well as their language skills. The focus of this course lies in the concept that students will learn to become better writers by learning to become better editors of their own essays and of their peers' essays. By the end of the course, the student will write four original essays (process analysis, comparison, cause-effect, and argumentative), and have a solid foundation in academic writing.

(D) Definition of Credit Hours

| Course | Credits | Study Time | Study Time (in class) | Study Time (outside class) |
|--|-----------|------------|-----------------------|----------------------------|
| Lectures | 2 credits | 90 hours | 30 hours/14 weeks | 60 hours/14 weeks |
| Foreign Language | 1 credit | 45 hours | 30 hours/14 weeks | 15 hours/14 weeks |
| Physical exercise and laboratory classes | 1 credit | 30 hours | 30 hours/14 weeks | |
