Most of the university-offered dorms are located near the Kawagoe Campus. Please check your campus location as indicated below.

■ **ALL Transfer, Graduate, Exchange, and JSP Students:** Your courses will be held at the **Ikebukuro campus** (not at Kawagoe Campus 1).

Admission Period

As a general rule, **allowed residency period is within one semester**. The last date that you need to move out (end of July for those move-in in spring/ end of February for those move-in in Fall) will be determined and announced by the International Exchange Office. About TIU International Houses

Who can live in the International House?

When allocating rooms, priority will be given to international E-Track students who live outside of Japan before university enrollment. A room will also be assigned to international students currently residing in Japan or/and Japanese students currently residing abroad only if there is a vacancy room.

TIU International House Admission Regulations

TIU International House Admission Regulations/Rules will be given to you when you move-in. All residents are required to follow all the rules. An order may be issued to leave the dorm if you do not comply with the rules or the instructions of the university.

Rent Payment

Monthly rent will NOT be calculated by the daily rate even though you move in during the middle of the month. However, the rent for the month of "move-in period" will be calculated and determined by the university.

[Rent for the month you move-in]

Please check the rent for March/April (the month you move in) in the following pages.

[Rent for the month you move-out]

The full amount of the monthly rent will be charged even if you move out in the middle of month. Also, a

vacate form must be submitted one month prior to your move out date.

[How to pay]

You are required to pay your monthly rent using the automatic bank withdrawal system. After you open your bank account in Japan, you need to register your Japanese bank account information at TIU so your rent can be automatically withdrawn from your registered bank account every month (TIU covers all the bank fees). Since it takes about 2 months to complete the registration process, you need to pay your first 2 months' rent, including house admission fee by cash.
